

## Wanted

Boards at Mrs. David Richards, on Broad street, near railroad crossing, June 12/23.

## FENCIBLES.

Chew. Jackson's Best Sweet Navy Tobacco.

A train of seven wagons, from Lee county, all loaded with bacon, came into the city yesterday evening, and their loading was soon gobbled up.

Mr. E. S. Doyle informs us that Neil Breeden caught a fine brood of eight young wild turkeys in the sixth district of Sevier county, last week.

According to the Jonesboro' Journal the oat crop in Washington county is an absolute failure and the grass crop is very poor. Even copious rain would not now revive them.

Twelve hundred pension checks were made out in the pension office in this city yesterday. A pretty good days work. They were mailed last night to eighteen States and Territories.

A nice little party of Memphis people, two families, arrived here Wednesday night, stopped over at the Atkin House and went up yesterday evening to seek summer homes in the vicinity of Strawberry Plains.

Bud Elmore, engineer at the Knoxville Ice Company's works, who was prostrated with something like an epileptic fit Wednesday noon, was very much on the mend yesterday evening, and resting very comfortably.

This afternoon has been set apart by Prof. Miller for the reception of ladies at his studio. We hope every lady who is an admirer of pictures will go and see what "Art Crater" is, and ask all the questions she wishes. Welcome.

A Dental Department has been added to Vanderbilt University, (Nashville), and organized with a full corps of instructors. The following are the officers of the faculty: Dr. W. H. Morgan, Dean; Dr. J. C. Ross, President of the faculty; Dr. R. R. Freeman, Secretary.

Nashville Banner: The first steam road wagon ever received for use in this State was shipped here to-day by W. T. Cole, of New York, to A. E. Baird, of Lebanon. It cost \$5,000, and possesses the power of propelling twelve four-horse wagon loads of goods of any description over any turnpike in the country.

The first issue of the East Tennessee Baptist, published at Jonesboro by John S. Hayes and edited by Rev. J. S. Thomas, has reached our table. The Baptist succeeds the Times of that place. The first issue is a very well appearing and new paper. We wish it success. Col. T. H. Reeves was at first to be editor, but was prevented by failing health.

Jonesboro' Journal: The cause of E. S. Cox and Jas. R. Spurgeon against Washington county, resulted disastrously to the county. The Chancellor's decision makes the county dance to the tune of about \$6,000. Chairman Hill asked for two months to execute an appeal bond. The question of appeal or no appeal will come up at the session of the July quarterly Court.

## Married.

At the residence of the bride's father, Mr. C. R. Shultz, in West Knoxville, June 11th, at 9 o'clock, by Rev. J. M. Durham, Mr. Harney A. Martin and Miss Mattie A. Shulz.

Fire in the Sixteenth District. From Sheriff Reeder we learn that the dwelling house of Mrs. Martha Walker, daughter of Esq. Matt. Carter in the 16th district, was consumed by fire last Monday evening, and very little of the furniture was saved. The fire seems to have originated from the cooking stove.

## The Wrong Man.

A negro, supposed to be the black-hearted villain who committed the rape on the person of Mrs. Howell, near Strawberry Plains, a few days since, was captured at or near Mooresburg Wednesday by some parties who were in search. He was brought down and taken into the presence of the injured woman, but she very readily discovered that he was not the man and he was released. It would not have been well for him if he had proved to be the fellow, for there is such a feeling in the community over the circumstance that lynch law would, no doubt, reigned supreme in the event of his capture.

## Marriage in Campbell County.

Dr. Joel Smith, of Whitesburg, and Miss Florence Smith, were married Wednesday evening, 11th inst., at the residence of the bride's father, Jordan Smith, Esq., near Jacksboro' Campbell county, Rev. E. A. Ramsey officiating.

The happy couple, attended by Capt. Jas. F. Davis, and Mrs. Tennie Hollinsworth, came to Knoxville yesterday, and went up on the evening train to Whitesburg. Mrs. W. H. Edwards, wife of our clever friend the Postmaster at Coal Creek, also attended the bridal party, and after visiting a short time at Whitesburg, she will go to spend a portion of the season at Tate Springs.

## Health Promoted.

Health is promoted by good and appropriate food. Such can only be had by using in preparing it, articles known to be free from poisonous adulterations, such as Dr. Price's Cream Baking Powder, which eminent chemists endorse as being perfectly pure and wholesome.

## FUNDS FOR THE FOURTH.

The Finance Committee Raise Over \$300 in Two Hours.

Messrs. John Scherf and Steve Condon, members of the Finance Committee on the celebration of the Fourth of July, made a very creditable start towards collecting funds yesterday afternoon. They made a brief canvass of two hours among some of the leading business men, and raised the sum of \$320. They were well received everywhere, and in very few instances turned away empty. They will continue their work to-day.

The following is a list of the amounts raised yesterday:

## Personal.

Hon. J. M. Thornburgh, who has pretty well recovered from his recent severe illness, left yesterday for a trip to the Great West. He will spend the summer months in Wyoming Territory and adjoining countries, with a view of completely restoring his health. Col. John B. Minnis and wife accompanied him as far as St. Louis, and will visit relatives in Missouri.

Capt. Green B. Burleson, of our police force, returned yesterday from spending a few weeks at Tate Springs for the benefit of his health, which was failing him very much. He is looking and feeling much better, we are glad to see, and will assume his duties on the force to-day.

Mr. S. E. Kelley, operator at the Railroad telegraph office in this city, returned Wednesday night from a very pleasant trip of a few weeks, seeing the many sights, and enjoying the healthful breezes of the far West, taking in many of the mining regions, New Mexico, the chief Western cities and other points of interest.

Mr. H. M. Aiken and family and Miss A. Rodgers, went up on yesterday evening's train to Rogersville to spend a portion of the heated term.

Rev. N. Bachman went up yesterday evening to Jonesboro to pay a visit to his little daughter.

Mr. John H. Scarborough, of Tazewell, has opened a stock of goods at that popular summer resort, Monvale Springs, where he proposes to supply the guests with everything needful and nice. He went over yesterday to get things in readiness therefore.

Mr. James Evans, lately a salesman in the shoe house of Gaines & Son, left on this morning's train bound for Montana Territory with a view to seeking his fortune in the Great West.

## Freaks of Postal Clerk Clark.

Yesterday morning, just before day light, while the western bound passenger train was standing at this place, Head Postal Clerk Clark, who had charge of the postal car, suddenly rushed out of his car, apparently in a temporary fit of mental derangement of some kind and did not return till the train was gone, leaving Route Agent Ford in charge of the car alone. Sometime after Clark was found out on Broad street acting very strangely by Blant Nance, who tried to confine and restrain him, but was unable to do anything with him. He still roamed around in that part of town till he was finally secured by Policeman Henry Ryan, still in a very much deranged state of mind, wild and uncontrollable. He appeared to be in fear all the time of some one going to kill him. He was finally taken in charge by Capt. George Gurley, taken to his room and every attention possible shown him, but he did not seem to improve as to his mental condition.

## A Matter of Interest to Legation.

Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal safeguard against unwholesome influences, upon which they can implicitly rely, since it prevents the effects that an unhealthy climate, vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health, would otherwise produce. On long voyages, or journeys by land in latitudes adjacent to the equator, it is especially useful as a preventive of the bilious complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zones sojourning or traveling in such regions, and is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents intermittent and remittent fever, and other diseases of a malarial type, but eradicates them, a fact which has been notorious for years past in North and South America, Mexico, the West Indies, Australia and other countries.

## Railroad Matters.

Commencing with Thursday, June 12th, according to a notice issued by Mr. J. B. Hoxsie, Master of Transportation, freight schedules Nos. 6 and 7, the day trains on the western division from Knoxville to Chattanooga, on the E. T. V. and G. Railroad, will be changed from daily to every other day trains. They will go west Mondays, Wednesdays and Fridays, leaving Knoxville at 7:40 a. m., and come east Tuesdays, Thursdays and Saturdays, leaving Chattanooga at 9 a. m. Stock designed for shipment west will be shipped by the night freight train, N. 5.

## Messrs. Butt, DePue &amp; Co.

Have just received a large quantity of the most practical, simplest Ice Cream Freezers ever made. Go and see them.

## Insurance Payment.

On yesterday, the widow and children of Geo. H. Bomar were made the recipients of two thousand dollars paid them on behalf of the Supreme Lodge of the Knights of Honor, by Louis David, A. Lobenstein and J. H. Madden, Trustees of Teutonia Lodge, No. 141, Knights of Honor, located in this city.

Mr. Bomar, it will be remembered, was a member of the Knights of Honor and while such, he contributed to the widows and orphans fund only the sum of thirty-five dollars and as the result of this, his family is made comfortable and protected against want.

This speaks volumes for the order. It has been the means of relieving hundreds of widows and orphans, who but for its beneficent provisions would to-day be in want. It has a large membership in this State, and such things as this are calculated to still swell its members. It has our best wishes for success, and we trust it will continue to be so managed that thousands may yet be relieved by its operations.

## For the Picnic.

## Malarial Fever.

Malarial Fevers, constipation, torpidity of the liver and kidneys, general debility, nervousness and neuralgic ailments yield readily to this great disease conqueror, Hop Bitters. It repairs the ravages of disease by converting the food into rich blood, and it gives new life and vigor to the aged and infirm always. See "Proverbs" in other column.
